

My family and I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere and we are more than happy to pay for the privilege! I reiterate, I pay for these services, and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge you, the FCC, to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that other subscribers and I demand and deserve.
